

The Kettle Dragon Boat Team

The Kettle Dragon boat team is up and running for 2008. With all our funding in place, we are preparing for our best season ever. We began our practices in mid March to an enthusiastic group of 40 paddlers. With our 2 volunteer coaches and our veteran steersperson, we had 2 boats out on the water. Our plan this season is to enter 2 boats in the upcoming Rio Tinto Alcan dragon boat festival held on June 21 and 22. As of April 10th, we have approximately 65 participants. As well as Kettle members and staff, we also have groups from Raincity, MPA and coast foundation. We practice every Saturday at 130pm at Science World. Come down and cheer us on. We look forward to seeing everyone. If you would like more information about this Kettle program, please contact Chris Keough or Michael Faithful at the Kettle drop in. 604 251-2854. Cheers and happy paddling.
